Below is Mayor Anderson's request for and purpose of this special meeting:

In light of the very productive meeting with representatives of the landscaping companies and manufacturers recently and the potential for broad field-testing during the summer of the improved technology of electric leaf blower blowers, I would like to request a special meeting of the commission next week to consider an extension of the implementation time frame by 6 months.

This extension would give the leading landscaping companies in the city an opportunity to field test the best options to serve our residents. I appreciate their willingness and openness to consider improving the lives of our residents.
