Absent

Call to order

Meeting called to order by Chairwoman Jeanne Wall at 10:01 a.m.

Consent Agenda

Motion to approve minutes 1203.21. Motion to approve made by Carolyn Minear, seconded by Joyce Cunningham. Motion passed unanimously.

Staff Updates

Board member Joyce Cunningham and Jacqueline Giovanetti introduced themselves as well as stated how long they have lived on Lake Killarney. Staff took a moment to let the board know of the transition in the Lakes Division and the formation of a new Department of Natural Resources and its Director Gloria Eby. The City's Attorney will be joining February's meeting to discuss in more detail the process of a Quasi-Judicial board and the approval of permit applications.

Lakes Management - Jake Allman/Troy Attaway

Staff provided update on when grass carp was stocked in 2012 (240) and 2019 (150). Drains are inspected/cleaned monthly with additional cleanings when large rain events are forecasted. Inspections occur every 30-45 days depending upon weather and other activities on the lake. Every visit is an opportunity for an inspection. Water clarity has increased significantly as we have entered the dry season. Board asked some questions regarding other cleanouts/traps outside of City of Winter Park. Chairwoman asked to have Orange County board members invited to future meetings.

Stormwater Management - Troy Attaway

Staff presented various slides providing information regarding stormwater drainage as it pertains to Lake Killarney. Recently the stormwater team did a large clean out at the CDS unit on Lee Road. Staff has been watching very closely the lake interconnect system along the 17-92 basin, making sure the water is flowing into Lake Mendsen for treatment before going over to Lake Killarney. Staff discussed the drainage map that was presented in the agenda packet and gave the board the opportunity to ask questions and discuss. The City has been continuing to monitor the States effort for the Nicolet Pond grant. The board asked some questions regarding the different line items on the updated CIP list. Vice-chair Voecks shared some concerns he has regarding some erosion issues around Lake Mendsen.

Non-Action Items

- a) Ordinance: Amending Chapter 114, modifying shoreline revetment slope requirement from 3:1 to 2:1

Staff presented the agenda item that is going before the City Commission for approval. Explained the background for the change. Answered any questions the board had.

Action Items

1. Board requested to contact Orange County and request the drainage schedule, locations, maintenance and treatments.
2. Invite by email the Orange County Staff Liaison Gary Jacobs and the Orange County Lake Killarney Board members.
3. Doing water samples in the inlet, in the cove and in the little lake.
4. Condition report of the Canal
5. Provide a detail breakdown of the CIP report
6. Provide a detail breakdown of the 5-year CIP report
7. Open item - proposal of groundwater testing
8. Open item - Status update of the grant proposal for Nicolet Pond

Board Comments

Adjournment

Meeting adjourned at 12:01pm

Next meeting scheduled for February 4th, 2022 at 10am.
